Subject: TalentWise - Disclosure and Authorization Form

Hello Carroll and Daewon,

It was great working with you and your team today! I look forward to many more productive meetings.

I know we spoke yesterday/today about the disclosure & authorization form, and I want to make sure you have a copy to review. You are more than welcome to customize the form and make any changes (add/remove) you feel necessary. You may even add a logo! I always recommend reviewing the changes with your legal team before sending a final copy to TalentWise.

Please let me know if you have any questions.

Kind regards,

Natasha Wilborn | Deployment Manager, Professional Services
